

A Career in *Your Best Interest.*

What does it mean to be “an investor?”

Our story. Investors Bank, one of the largest banks headquartered in New Jersey, is a full-service community bank that has been serving consumer and business customers since 1926. With more than \$19.4 billion in assets and a network of over 130 retail branches, Investors offers a comprehensive suite of banking services at competitive rates delivered with a highly personalized touch. Today, Investors is one of the largest and strongest community banks in the United States. We are poised and ready to grow and enhance our business so we can provide our shareholders with a strong return on investment. Our 2015 and beyond strategy will focus on diversifying our lines of business and products and investing in our employees and our infrastructure. The Bank is a safe and solid financial institution. It is experiencing significant growth while remaining financially strong and well capitalized. Led by a senior management team committed to serving others, Investors continues to grow, while remaining focused on its roots as a local community bank. As one of the Bank’s four core values, *Community* is about caring for its customers, employees, and the people and businesses in the local neighborhoods it serves.

Here at Investors Bank, you will find yourself in an environment filled with people who come to work every day with a sense of purpose – teammates who are excited to be at a growing company. Our success is attributed to the fact that we are a different Bank. Everything we do and how we do it comes from a culture built on our “4 C’s” - our Core Values of Character, Commitment, Cooperation and Community. These values are serving us well as we work together to transform our company into the premier Bank in the region.

General Counsel

Reporting to the Chief Operating Officer, the General Counsel will be responsible for managing the overall operations of the legal function of the Bank and advise executives and management on all legal, regulatory, compliance and strategic management. The General Counsel will also lead a team of eight (8) direct reports. Position is based in Short Hills, NJ.

The responsibility of General Counsel is to provide direct legal support to the Bank’s executive management team, business units and other support centers in the areas of litigation, corporate governance matters, employment and labor issues. In addition, the General Counsel will provide support with Board and internal policies, mergers and acquisitions, vendor management, risk management, regulatory filings, general corporate matters and SEC reporting. A key function of this role will be to help ensure that the legal rights of the Bank are protected, that its legal obligations and potential exposures are well defined and understood by management and that the Bank and its affiliates comply with applicable laws and regulations.

Our ideal candidate will be a hands-on strategic thought leader who can operate at the C-suite as well as all other levels inside and outside the Bank. This role requires someone with minimally 15 years corporate practice experience, prior representation of banking clients or employment within the banking industry.
